(c) 2002 and 2023, Curtis J Alexander

“And God saw everything that He had made, and, behold, it was very good.”

Genesis 1:31a

“As for God, His way is perfect: the word of the Lord is tried [proven]: He is a buckler to all those that trust in Him.”

Psalms 18: 30

SCIENCE AND THE BIBLE
TABLE OF CONTENTS

Part A- Science and the Bible Intro	-----	p. 1
<i>The seminar's purpose</i>		
Part B- Do Great Minds Think Alike?	-----	p. 2
<i>Quotes on Creation</i>		
Part C- The text book theory exposed	-----	p. 3
<i>Evolution Theory's flaws</i>		
Part D- The Biblical Creation account	-----	p. 9
<i>Why we all need Jesus Christ</i>		
Part E- Science in the Scriptures	-----	p. 18
<i>Wonderful harmony</i>		
Part F- Monkeys or Morals?	-----	p. 20
<i>What you believe really matters</i>		
Part G- Eye meets Faith	-----	p. 26
<i>Teach the Gospel of Jesus with nature's examples</i>		

Part A - Why discuss science and the Bible?

- 1) Our faith should agree with what we see around us. It is a ridiculous concept to try and separate faith from science. Science simply *cannot* explain all things by itself, even though some people try to make it explain everything. **Evidence of God's creative power is constantly found in the study of nature:** "First, I thank my God through Jesus Christ for you all, that your faith is spoken of throughout the whole world... For the invisible things of Him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead..." ROMANS 1: 8, 20. This study strives to give God the glory for creation and science, and to strengthen your faith in Jesus Christ.
- 2) Today's young people do not see the Bible as being relevant to their life, because they are being taught in public school that there is no supreme Creator. They are being told we evolved from lower life forms, and that this planet happened completely by chance. The theory of evolution is a lie, but it continues to ruin the faith of many young Christians, and prevent other young ones from entering the kingdom at all. **If children do not receive foundational education regarding the original creation, and the sin of our ancestors, Adam and Eve, they will not be able to understand why they need Jesus Christ, or why they need to have morals.** The accuracy of Genesis is absolutely vital to society and to the rest of the Bible. This study will show you that accuracy, and encourage you to boldly point young ones to Jesus through the creation account.
- 3) **If Jesus used nature to preach the Gospel, we need to follow His example. We should feel free to preach His gospel using examples from nature, especially when sharing with people who tend to be doubters.** "If then God so clothe the grass, which is today in the field, and to morrow is cast into the oven; how much more will He clothe you, O ye of little faith?" LUKE 12:28.
- 4) **This study will show you that if you know the Holy Scriptures, then you already have a foundation in science.** It is unreasonable to think that the inspired word of God is in disagreement with the study of nature!

Part B – Do great minds think alike?

Getting the facts straight in a confused world: "In the beginning God created..."

"Everyone who is seriously interested in the pursuit of science becomes convinced that a spirit is manifest in the laws of the Universe – a spirit vastly superior to that of man, and one in the face of which we with our modest powers must feel humble."

- Albert Einstein

"I am fascinated by some strange developments going on in astronomy... The astronomical evidence leads to a biblical view of the origin of the world."

- Robert Jastrow, leading astronomer and Director of NASA's Goddard Institute for Space Studies

"... life was designed by an intelligent agent."

- Michael J. Behe, *Darwin's Black Box*, p. 252, 1996

"Human beings are an image of God."

- Johannes Kepler, founder of the three laws of planetary motion

" 'Almighty God, who gave your servant Blaise Pascal a great intellect, that he might explore the mysteries of your creation, and who kindled in his heart a love for you and a devotion to your service: Mercifully give your servants... the grace to use [our talents] diligently and to your glory... ' "

-Written prayer by Blaise Pascal (Founder of Pascal's Law, useful in fluid mechanics) from *Champions Of Science* by John Hudson Tiner, p. 52, 1999

"God would not have made the universe as it is unless He intended us to understand it."

- Robert Boyle, founder of "Boyle's Law", the first scientific law to apply to a gas

"If God would turn his back on the universe for just one instant, chaos would immediately result everywhere. Life for us would end instantly... Shouldn't we put all our trust in the one who created and operates the universe?"

- Donald B. DeYoung, Scientist and author of *Science and the Bible*, p. 82, 1994

"Science positively demands creation."

-Lord Kelvin, leading physicist and mathematician of late 1800's, founder of the scale of absolute temperature.

"If any man cannot feel the power of God when he looks upon the stars, Then I doubt whether he is capable of any feeling at all."

- Cicero *circa* 44 B.C., Roman philosopher in pre-Christian times

Part C – The supposedly “proven” text book theory

There are **6 different meanings** to the word **evolution**. If you want to debate evolution, you have to define what you mean. This is how the text books confuse the children in school.

In Order for The Theory of Evolution to be completely true, all 6 of these processes would need to occur over time:

1. **Cosmic Evolution**- origin of time, space and matter. Big Bang **(No proof for this)**
2. **Chemical Evolution**- the origin of all the elements from hydrogen and helium. **(No proof for this)**
3. **Stellar and Planetary Evolution**- origin of stars and planets **(No proof for this)**
4. **Organic Evolution**- Origin of life from non-living substance, like rock, or water. **(No proof for this. Actually, Pasteur disproved it in late 1800's)**
5. **Macro-evolution**- Changing from one kind of organism to a completely different kind of organism. Example: Frog changing to an iguana, monkey changing into a man, amoeba changing into a goldfish, Zucchini changing into a ladybug, sweet potato changing into a bat, etc etc... **(No proof for this)**

6. **Mirco-evolution**- Changes within a kind of organism.

Examples:

- Chihuahuas and Great Danes have a common ancestor: The dog
- Salt-water crocodile and fresh water crocodile have common ancestor: the crocodile.
- All the varieties of finches have a common ancestor: The finch.

There is **plenty of proof for number 6**. Only this one is scientific. The text book will then try to use proof of number 6 **as** proof for the first 5. They convince the kids that man is nothing but an evolved monkey, by using this lie.

The root of evolutionary thinking (“man is getting better and better without God”) goes further back in history than Darwin:

In The Garden of Eden: “And the **serpent [Satan] said** unto the woman, Ye shall not surely die: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and **ye shall be as gods**, knowing good and evil.”

- GENESIS 3: 4, 5

Public school text books everywhere teach the theory of evolution to children as if it was a fact:

“...about **18 to 20 billion** years ago all the matter in the universe was concentrated into one very dense, very hot region that may have been much smaller than a period on this page. For some unknown reason, this region exploded. This explosion is called the **big bang**.”

- Prentice Hall General Science, 1992, page 61

“In the realm of the universe, nothing really means nothing. Not only matter and energy would disappear, but also space and time. However, physicists theorize that from this state of **nothingness the universe began in a gigantic explosion about 16.5 billion years ago**. This theory of the origin of the universe is called the Big Bang Theory.”

- HBJ *General Science*, 1989, p. 362

“You are an animal and share a common heritage with earthworms.”

-Biology: Visualizing Life, Holt, 1994

“About 30 million years ago, larger primates, such as monkeys and apes, **evolved**. The earliest fossil apes that may be ancestral to both humans and modern apes date from about 15-20 million years ago... The humans, or *homo sapiens*, are newcomers to the world.” (in other words, we are not responsible for death)

- HBJ *General Science*, 1989, p. 385

“Religious and scientific leaders debate evolution”

- title to one article in El Paso Times, Oct. 17, 1999

-- The news media tries to make it look like the Bible is against science. They are trying to imply that Evolution is science- **But it isn't! Evolution is a religious faith. It's not supported by anything found in nature!**

Scientists speak on the theory of evolution:

“Evolution is baseless and quite incredible.”

- Ambrose Flemming, president, British Association for Advancement of Science

“I have little hesitation in saying that a sickly pall now hangs over the big bang theory.”

- Sir Fred Hoyle, prominent astronomer, cosmologist, and mathematician, Cambridge University, “The Big Bang Theory Under Attack”, *Science Digest*, Vol. 92 May 1984, p. 84

“Today our duty is to destroy the myth of evolution...”

- Pierre-Paul Grasse, *Evolution of Living Organisms* (1977), p. 8

“Let’s cut the umbilical cord that tied us down to Darwin for such a long time. It is choking us and holding us back.”

- L.L. Cohen, *Darwin Was Wrong: A Study in Probabilities* (1985).

“Search for the cause of evolution has been abandoned. It is now clear that evolution has no single cause.”

- G.G. Simpson (an evolutionist), *Major Features*, pp. 118-119.

“It seems to me astronomy has proven that forces are at work that are beyond the present power of scientific description; these are literally supernatural forces, because they are outside the body of natural law.”

- S. Toulmin, “Science, Philosophy of,” in *Encyclopaedia Britannica* Vol. 18 (15th ed. 1974), p. 389.

“The theory of evolution suffers from grave defects, which are becoming more apparent as time advances. It can no longer square with practical scientific knowledge.”

- Albert Fleishman, zoologist.

“The theory [of evolution] is a scientific mistake.”

- Louis Agassiz (Former Harvard University Professor), quoted in H. Epoch, *Evolution or Creation* (1986), p. 139

“I can envision observations and experiments that would disprove any evolutionary theory I know.”

- Stephen Jay Gould, “Evolution as Fact and Theory,” *Discover* 2(5):34-37 (1981).

“My attempts to demonstrate evolution by experiment carried on for **more than 40 years** have completely failed. At least I should hardly be accused of having started from any preconceived anti-evolutionary stand-point.”

- H. Nilsson, *Synthetic Speciation* (1953), p. 31.

Evolution Theory is impossible

There are hundreds of flaws in this theory. Let's look at a few basic ones:

- 1) The world's population curve looks like it started about 4400 years ago, when Noah's Flood took place. 8 people having children over 4400 years could easily have produced today's population of 6 Billion. If we were to believe evolution, then humans would have appeared on earth much earlier than this. We would have appeared **3 million years ago**. With this much time to reproduce, today's population would have sky rocketed to more than **100,000 people per square inch!** Starting with 8 people 4400 years ago, you could easily reach today's population of 6 billion. See figure1.

Figure 1

2) Contrary to popular belief, there is **nothing** useless in the human body. We do not have "vestigial organs" that are leftovers of evolutionary forms we have supposedly taken in the past. The appendix and tonsils both help fight infection, and without the coccyx (our tail bone), you could not have bowel movements, or walk, or sit upright properly. Several muscles attach to the coccyx. The Designer of life did an excellent job! Don't believe **anyone** who tells you that something in the human body is useless. In order for a human to function properly, all the data we currently have in our genetic code today would need to be present the instant man "arrived" on earth. It could not have been added slowly over millions of years. For example, we would have died before our digestion system "evolved", or our respiratory system came into existence. If anything in our bodies doesn't work properly by now, it's because man is **de-generating**. Adam was much healthier than us, and had a higher IQ. Some say it was at least 1600. Albert Einstein was just under 200. (See *The Evolution Cruncher*, By Vance Ferrell, www.evolution-facts.org, Phone: 931-692-5777)

3) Life cannot be spontaneously generated from non-living material. The famous French chemist, biologist, and founder of microbiology, Louis Pasteur, disproved the idea that microorganisms can be formed in non-living substances.

“Fully aware of the presence of microorganisms in nature, Pasteur undertook several experiments designed to address the question of where these ‘germs’ came from. Were they spontaneously produced in substances themselves, or were they introduced into substances from the environment? Pasteur concluded that the latter was always the case... the Académie des Sciences officially accepted Pasteur’s results in 1864...”

- Funk & Wagnalls New Encyclopedea Vol. 20, p. 187

4) The theory of evolution directly contradicts the Second Law of Thermodynamics. The second Law of Thermodynamics states that matter and energy are constantly de-generating, or changing to a lower form. Everything tends toward disorder. Evolution requires that things improve with time, yet science has already proven that everything in the universe and on earth gets worse with time. Some people try to say that the sun’s energy nullifies this law on earth, but simply “adding” energy to earth cannot make something better... there must be a mechanism designed to harness the energy. Thus, the 2nd law is in full effect on earth. Unless you are a plant cell with chlorophyll, or a solar panel, the sun’s raw energy is harsh and damaging. This proves further that the law is true.

5) Earth cannot be billions of years old. Every year the rotation of our planet is slowing down. This presents a problem for those who believe we are billions of years old.

“...regular clocks use days as a measure, which are growing longer by a thousandth of a second or more daily as Earth’s rotation slows.”

- “Give 1990 one last tick before ushering in 1991”, Pensacola News Journal, Dec. 6, 1990

“Earth’s rotation is slowing down. “

- Astronomy Magazine, June 1992, p. 24

This means the earth used to be going faster. This is not a problem for a 6000-year-old earth, the age the Bible tells us. But if you go back “billions of years”, or even “millions of years”, earth would be spinning too fast for any plants, dinosaurs, animals OR humans. Winds would have been 5000 miles per hour due to the Coriolis effect (See Prentice Hall *Earth Science* 1995, p. 499 for the Coriolis effect.) Centrifugal force would have been intolerable. Creatures would have been thrown off the planet, or destroyed!

6) Carbon dating doesn’t work. The earth’s magnetic field is getting weaker every year, and this means it used to be much stronger. (See *Astronomy and the Bible*, Donald B. DeYoung, p. 18) The amount of C-14 in the atmosphere is directly related to how much radiation gets into the earth’s atmosphere.

This radiation would have been deflected by the magnetic field if it were stronger! It would have definitely been too strong “millions of years” ago. This renders carbon dating almost completely useless.

“The lower leg of the Fairbanks Creek mammoth had a radiocarbon age of 15,380 Radiocarbon years (RCY), while its skin and flesh were 21,300 RCY.”
- Harold E. Anthony “Natures Deep Freeze.” *Natural History*, Sept. 1949, p. 300

7) The Evolution theory requires “billions of years” in order for it to sound half-possible, but due to observations in space, the universe must be only a few thousand years old, as the Bible teaches. Here’s why:

- a) Jupiter is constantly cooling off today. The period of time it takes for anything to cool off is relatively short. After a long time, Jupiter would have completely cooled off. But, it still has heat today, so it cannot be millions of years old.
- b) One of Jupiter’s moons, Ganymede, is also constantly losing heat. For the same reason as mentioned above, Ganymede cannot be millions of years old. (Example: How long will a hot coffee *remain* hot?)
- c) The galaxies are in spiral shapes, and the stars on the outside orbit faster than the ones on the inside, making the outside stars slowly depart from the centre of the galaxy. If these galaxies were millions of years old, they should have lost their spiral shape altogether by now, but they have not. (See figure 2.)

FIG. 2

- d) Novas and supernovas are when stars explode. One is observed to explode every 25-30 years. At this steady pace, we should expect to see thousands of them in space, if the universe is old. But to this day we have only seen about 300 out there! That is not millions of years’ worth! It is only a few thousand years’ worth. (For more on outer space, See Video “The Age Of The Earth”, part 1 by Dr. Hovind, www.drdino.com)

Part D – The Biblical Account of Creation

Why is the Genesis account important?

If the Garden of Eden didn't exist, if man didn't really disobey God, or if God isn't the Creator, as Genesis states, then the rest of the Bible is useless. If anything about Genesis is false, the rest of the Bible, which hinges on this book, becomes false. If children are told to regard the Genesis account of creation as a myth, then Jesus, who also refers to the creation, tragically becomes irrelevant to their life. He becomes "just another moral teacher of religion", and all the power unique to His life-giving ministry is obscured.

Here is a Bible verse illustrating the importance Biblical accuracy:

"...if Christ be not risen, then is our preaching in vain, and your faith is also vain."
1 Corinthians 15: 14

Is the Genesis account hard to read, or understand? Why do people come up with "theories" concerning it?

Many people have tried to put two incompatible world-views together, even though the two are complete opposites.

The Creation-view says that there is a loving God who made all things, and He is the one in charge. There is a right and a wrong way to live. Man messed up, and disobeyed God, and now he needs God's forgiveness.

The evolution view says that we are all just random chances, or mutations of lower life forms. Death has always been present. The death of other "inferior" species/races is necessary in order for your "species" or "race" to get ahead. There is no right or wrong, and no God. Do what you feel like doing.

Despite these obvious differences, some have tried to "compromise" the Bible, to make evolution fit, by trying to fit the "millions" of years into Genesis 1: 1, 2. They also speculate about how "long" the creation week mentioned in Genesis 1 was, as if it were stated without clarity. Was a "day" actually more like 1000 years? Or did one "day" stand for 1 million years?

The Bible is actually very clear about it's own records. The following Bible passages indicate that ***there is no need for man to "interpret" the events that are stated in Genesis.***

The creation account is very easy to understand indeed. A plain reading of Genesis 1-3 is all that is required when learning where we came from, and why we need a Saviour.

The Biblical account of creation is so easy to understand that a child could grasp it. The Bible tells us about its own clarity:

“ In the beginning God created the heaven and the earth.”

Genesis 1;1

“ And the Lord answered me, and said, Write the vision, and make it plain upon the tables...”

Habakkuk 2:2a

“ Seeing we have such hope, we use great plainness of speech:”

1 Corinthians 3:12

“ For in six days the Lord made heaven and earth...”

Exodus 20:11a

“ And they stood up in their place, and read in the book of the law of the Lord their God... Thou, even Thou, art Lord alone; thou hast made heaven...the earth, and all things that are therein...”

Nehemiah 9: 3a, 6a

“ Add thou not unto His words, lest He reprove thee, and thou be found a liar.”

Proverbs 30:6

“ And God said, Let there be light: and there was light... For the word of God is quick and powerful...”

Genesis 1:3, Hebrews 4:12a

“ Beware lest any man spoil you through philosophy and vain deceit, after the tradition of men, after the rudiments of the world, and **not** after Christ.”

Colossians 2: 8

“ But from the beginning of the creation, God made them male and female.”

Mark 10: 6

“ For the invisible things of Him from the creation of the world are clearly seen...”

Romans 1: 20a

“ So God created man in His own image...”

Genesis 1: 27a

“ And the rib, which the Lord God had taken from man, made He a woman...”

Genesis 2: 22a

“ For since by man came death, by man came also the resurrection of the dead. For as in Adam, all die, even so **in Christ shall all be made alive.**”

1 Corinthians 15: 21, 22

The creation account summarized

“ If I as a geologist were called upon to explain briefly our modern ideas of the origin of the earth and the development of life on it to a simple, pastoral, people such as the tribes to whom the Book of Genesis was addressed, I could hardly do better than to follow rather closely much of the language of the first chapter of Genesis.”

- Walter Pratt, *quoted by W.L. Copithorne, in “The Worlds of Wallace Pratt,” The Lamp, Fall 1971, p. 14.*

DAY 1

The earth is created

“In the beginning God created the heaven and the earth.” Gen. 1:1

- Light is created, and called “day”. It is separated from darkness, which He called “night”.

- No sun, moon or stars have been made yet, just a big ball of water called earth, floating in an empty space. The presence of light on day one is a powerful reminder that Jesus Christ **is** our true light, not the sun.

FACT: The inner layers of earth’s crust are made out of granite rock. In this granite are little perfect microscopic circles called “radio-polonium halos”. Evolution teaches that the earth is 20 billion years old, and was, for millions of years, nothing but a hot molten mass of lava. But these radioactive particles could not have survived a “molten lava” state. The circles would have dissipated in less than three minutes if the rocks went through a “molten” state. The discovery of these little polonium halos stuck in granite is the equivalent to finding a block of ice, frozen solid, but with a few alka-seltzer tablets frozen in the midst of it. We know that these tablets would have dissolved in minutes, if the water had remained un-frozen for any length of time. What this tells us, is that the water must have froze extremely fast, preventing the tablets from dissolving completely. This is exactly the case with the granite in the earth’s crust. Since the polonium halos are **there**, as perfect circles, the granite layer of earth’s crust must have been made solid in less than three minutes! Only the all-powerful Lord God of the Bible could do this.

DAY 2

The sky is made

“ And God made the firmament [sky], and divided the waters which were under the firmament from the waters which were above the firmament: and it was so.” Gen. 1:7

- Note that the Bible says that, originally, earth had water “above” the sky. This water is most likely responsible for Adam’s long life, because a layer of ice or water around the earth’s atmosphere would have protected him from the sun’s harmful rays, and only let in the harmless parts of the sunlight. Not only that, but because of this water layer, oxygen would have been stored in the atmosphere at a higher concentration level. This would have made every breath Adam took a pleasure. Increasing the air’s oxygen concentration like this would have allowed cuts and wounds to heal faster, and made the human body able to run for miles! We would have lost this canopy during the worldwide flood of Noah.

DAY 3

Dry ground is created, and plants are created

"...let the dry land appear: and it was so... And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so." Gen. 1:9b,11

- Plants need sunlight in order to survive and grow. This means that day 3 and day 4 both **had** to be literal 24-hour periods, because the sun wasn't created until day 4. Due to these passages in Genesis, any theory about one "creation day" equalling millions of years is definitely wrong. The plants would have died in the process of waiting "millions of years" for the sun!

- There is more activity in a single plant cell than there is in one entire city. This is what Jesus is referring to, when He mentions how God "clothed" the grass. (Luke 12:28) If God would put so much effort into the complexity of such a small plant that will soon perish, how much more does He have planned for people who call on His name in faith?

DAY 4

God creates the sun, moon, stars, and other planets

"And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: He made the stars also." Gen. 1:16

- The regular, clockwork-like movement of our solar system and universe indicates that God must be holding all things together. "And He (Jesus Christ) is before all things, and by Him all things consist." Colossians 1:17

FACT: Detailed studies of our solar system indicate that the Big Bang theory is useless, and cannot be true. Text books tell kids that billions of years ago, there was a collection of dirt that got condensed into a tiny region and started swirling in a spiral shape, until finally, it exploded and made all the galaxies and stars. A problem with this theory comes up when we examine the law called the Conservation of Angular Momentum. This law states that in an inertia-less environment, like outer space, the pieces that break off of a spinning object will always spin in the same direction as the original object. If the original object was spinning clockwise, then all the fragments that break off will also spin clockwise. But the fact is, Venus and Uranus are spinning backwards! All the other planets spin in the opposite direction. At least 6 moons are also spinning backwards! They could not have all come from one gigantic spinning explosion.

DAY 5

Birds and fish created

"And God created great whales, and every living creature that moveth, which the waters brought forth abundantly, after their kind, and every winged fowl after his kind: and God saw that it was good." Gen. 1:21

- Water-dwelling Plesiosaurs, and Kronosaurs as well as flying Pterodactyls would have been made on day 5. Evidence from ancient carvings shows that man has always lived with dinosaurs. Read about the scaly, sea-dwelling, fire-breathing, sharp-toothed leviathan in Job ch. 41, Isaiah 27:1, Psalm 104:26 and Psalm 74: 13, 14. Read about the flying serpent in Isaiah 30:6. The King James Bible is the version to use when looking up these dinosaur-related scriptures.

DAY 6

Land animals are made. Man and woman are made as special creations

"And God made the beasts of the earth... God created man in His own image... male and female created He them." Gen. 1:25a, 27

- Man is not an animal. Like the Bible says, we are a special creation with a God-given dominion over earth. We are designed with the purpose of having a relationship with God. We see this in the fact that in every single country, people always have *some* concept of "religion", or "spirituality". The very fact that man searches for spiritual truth proves evolution to be false, because evolution cannot explain anything spiritual. It tries to **avoid** spiritual issues. But ironically, man's spiritual search **obviously rules evolution out**.

- Like the Bible says, **all land animals were made on day 6**. We need to dispose of theories that try to tell us that dinosaurs existed, and died, long before man. The truth is, no creatures died until Adam sinned (1 Corinthians 15:22). Dinosaurs lived with man, 6000 years ago. God deserves the glory for dinosaurs! Read about "dragons" in Psalm 148:7, and Jeremiah 51:34. Job 40:15-24 talks about the behemoth, which had a *huge* tail like a "cedar". This passage is likely referring to brachiosaurus. No other kind of animal has a "tail like a cedar"!

- Hundreds of "dragon" legends in history point to the co-existence of man and dinosaur.

- Also, because many organisms are in symbiotic relationships, they could not have evolved separately and slowly. A symbiotic relationship is when two organisms, of different kinds can only survive if they live together and help each other. If one organism was taken away from their environment, the other would suffer, or die. **Both must** exist at the same time for either one to live!

EXAMPLES: - The anemone fish and the sea anemone

- Ants and aphids

- Mycorrhizae (fungal growths) and orchids

Genesis clears up much of society's confusion about morals and life

The creation account lays a proper foundation in any child's life. It paves the way for Jesus to enter into their lives. Several current issues are resolved in the first three chapters of Genesis. Not only the creation account is explained, but the truth about many issues. For example:

God doesn't delight in rules, but in giving man life.

Genesis 2:15-17

God wants to set us free, like Adam was in the garden. Rules only exist for our protection. Man has developed an arrogance that tries to dismiss His good rules as "oppressive".

Man disobeyed God and brought death into the world

Genesis 3:17-19

Don't blame God for today's problems! *Man brought pain upon himself!*

After Adam's sin, God immediately promises to redeem man and defeat Satan

Genesis 3:15

God had an awesome plan to send Jesus Christ to us, even before He created earth. Jesus Christ is willing and able to cleanse us of sin by His blood. (1Pet. 1:18-19)

God has a very specific plan for marriage

Genesis 2:23-25

This plan stated in Genesis is not debatable, since God is sovereign, and He knows what works and what doesn't. Marriage is a lifetime relationship/covenant between 1 man and 1 woman, with special privileges and responsibilities.

As a special note: If evolution was true, there would never have been anything called "marriage". This is because marriage is directly related to vows, commitment, responsibility and covenant. Animals do not have any of these things, but humans do. All countries have marriages. Where did so many diverse cultures get this one idea? The universal custom to "get married" is much easier to explain if you trace it back to God, the founder of the marriage covenant. Evolution simply cannot explain it.

God Is able! God is Lord!

Genesis 1:1

People tend to forget about what **our Lord** can do, while living in a world consumed with what man can do.

Nutrition is the best way to look after your health, not man's drugs

Genesis 1:29

- Man makes money on pharmaceuticals, which is why they are always recommended first in a doctor's office. Drugs are a big business. But the human body's basic needs are found in the fruits and vegetables God put in the garden of Eden. They are the same fruits and vegetables we need today.

God loves you, no matter what, and wants to provide for you

Genesis 3:21 –Adam had disobeyed God, but God still provided his clothing, and a promise to send Jesus the Saviour. What a great God!

Examining Nature shows evidence for the time line that the Bible gives us

For more info on creation's evidence, see <https://creation.com/>

The Bible tells that the earth and universe are about 6000 years old. About 4400 years ago, there was a flood. Dinosaurs lived with man. Is there anything in nature to support this timeline? The answer: Yes!

FIG. 3 This creature washed up on the beach on Lake Erie.

Taxidermist, Pete Peterson, mounted it. It is currently at the Creation Evidences Museum in Glen Rose, Texas. (254-897-3200) It is 31" long.

- The history of every nation seems to originate around Mt. Ararat.
- The oldest organism in the world, the Bristlecone pine tree of California, is less than 4300 years old.
- The world's oldest desert, the Sahara Desert, is less than 4400 years old
- The world's oldest coral reef, in Australia, is less than 4200 years old.

The mountains are very slowly eroding flat, from all the rain that runs off them over the years. If earth was millions of years old, it should have eroded flat by now.

Petrified clamshells are found at the top of Mount Everest, and sedimentary rock is found all over the planet. Sedimentary rock can only form when under water.

FIG. 4 This Fossilized fish is in the middle of giving birth. This proves that the fossilization process does not take millions of years. Animals must be buried quickly, before they decompose, in order to become a fossil.

- Oil deposits are found everywhere on earth. The pressure of this oil is far above the pressure of the rock containing it. Because of this extreme, the pressure should have been equalized in less than 10,000 years. If earth is "millions of years old", why do we still have oil pressure today? Also, where did all this oil come from to begin with? Most scientists agree that oil results when dead organisms are buried and pressurized by tons of rock. This is in firm support of the flood account of Genesis 6-9. "...The waters were on the face of the *whole earth*..." (Genesis 8:9) This means humans, birds, fish and beasts like elephants, giraffes, and dinosaurs would get caught in the undertow of this powerful force called water. Some would get buried before they could decompose, making them into fossils formed in sedimentary rock. Some got buried later, and were crushed into oil by the immense pressure of the rock, and by the weight of the 1-year-long floodwaters.

Part E – Science in the Scriptures

There is wonderful harmony between the discoveries of scientists, and what the Holy Bible teaches. Remember, the Bible was around *long before* these modern discoveries were made. This section is meant to be a reference guide to those who want an unusual angle for reaching doubters, or intellectual types with the gospel. All scripture is taken from the authorized King James Version. 2 Timothy 3:16 tells us that **all** scripture is inspired by God. Here are some examples of 2 Timothy 3:16:

1) Science says: **Light travels**

The Bible says: “**Where is the way where light dwelleth?**” (Job 38:19a) The word “way” means “line of motion”.

2) Science says: **Everything tends toward disorder.** (2nd Law of Thermodynamics)

The Bible says: “**Of old hast Thou laid the foundation of the earth: and the heavens are the work of thy hands. They shall perish, but Thou shalt endure: yea, all of them shall wax old like a garment; as a vesture shalt Thou change them, and they shall be changed:**” (Psalm 102:25,26) See also Hebrews 1:10,11.

3) Science says: **Matter and energy cannot be created or destroyed.** (1st Law of Thermodynamics)

The Bible says: “**I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it and, nor anything taken from it: and God doeth it, that men should fear before Him.**” (Ecclesiastes 3:14)

4) Science says: **Earth is suspended in outer space.**

The Bible says: “**He stretcheth out the north over the empty place, and hangeth the earth upon nothing.**” (Job 26:7)

5) Science says: **Life-giving oxygen is supplied to the entire body by the blood.**

The Bible says: “**For the life of the flesh is in the blood...**” (Leviticus 17:11)

6) Science says: **Humans have to keep themselves protected from exposure to infectious bacteria and germs. Washing is important.**

The Bible says: “**And whatsoever goeth upon his paws, among all manner of beasts that go on all four, those are unclean unto you: whoso toucheth their carcase shall be unclean until the even. And he that beareth the carcase of them shall wash his clothes, and be unclean until the even: they are unclean unto you.**” (Leviticus 11:27,28)

7) Science says: **Water exists in outer space in the form of comets. Comets are made of ice and dirt.**

The Bible says: “**Praise Him, ye heavens of heavens, and ye waters that be above the heavens.**” (Psalm 148:4)

8) Science says: **Earth is contained and protected by the atmosphere.**

The Bible says: “**Who can number the clouds in wisdom? Or who can stay the bottles of heaven,**” (Job 38: 37,38) The bottle is an accurate object to use when describing earth’s atmosphere, which is a 3-dimensional, rounded “container”. This is because bottles are not flat objects, but rounded containers.

9) Science says: **Fossil remains indicate that some dinosaurs used to fly.**

The Bible says: “**The burden of the beasts of the south ...from whence come the young and old lion, the viper and the fiery flying serpent,...**” (Isaiah 30:6)

10) Science says: **Some organisms can actually produce fire as protection, like the bombardier beetle. It sends a glandular fluid out its rear. This fluid instantly vaporizes and explodes in the air with a startling popping noise. This exploding fluid is often as hot as boiling water!**

The Bible says: “**His [leviathan’s] breath kindleth coals, and a flame goeth out of his mouth.**” (Job 41:21) With incredible creatures in existence today, like the bombardier beetle, it should come as no surprise that Adam and his early descendants knew of larger, more spectacular creatures, like dinosaurs with fiery breath.

Part F – Monkeys or Morals?

What you believe affects your actions

Let us examine the two world-views to see what each view teaches our children. Keep in mind that both are deeply rooted in faith.

A- The Creation view (which goes hand-in-hand with the Bible) teaches the following to children:

- 1) God loves you. You are worth so much to Him that He has sacrificed His Son for your redemption. (John 3:16)
- 2) Because God is Creator, He owns everything. He makes the rules. (Gen. 2:15-17)
- 3) Unlike animals, we humans are made in God's image. We are a spirit, we have a soul, we live in a body. (1 Thess. 5:23) Animals have a soul, but no spirit.
- 4) Humans are sinners in need of a Saviour. (Gen. 3:17,19; Rom. 3:23)
- 5) God has a plan for you. (Gen. 3:15)
- 6) God is sovereign. We are designed to glorify Him, worship Him, and obey Him. (John 4:23)
- 7) Don't focus on your abilities... trust God to handle your situations. (Prov. 3: 5, 6)
- 8) Adam caused death to enter the creation. Jesus brings eternal LIFE! (1 Cor. 15:22)
- 9) We are to treat all humans with respect, love, and equality. We are to recognize that we all have a common Creator. (Acts 10:28)
- 10) Man's responsibility is to help the poor and needy and widows. (James 1:27)
- 11) Earth, being only a few thousand years old, is not always going to continue on. God will make a new heaven and a new earth.(Rev. 21:1, 2)
- 12) Jesus is man's needed Saviour. (Rom. 10:9)
- 13) Jesus is Creator. (John 1:1-3)
- 14) Jesus is God. (John 10:30)
- 15) Jesus is Lord. (John 6: 67,68)
- 16) Death, like Satan, is an enemy that needs to be defeated. Jesus defeated Satan and death at His death, burial, and resurrection. (Heb 2:14,15; 1 Cor. 15:26)
- 17) God created earth for His Kingdom. We were created to have dominion over earth on behalf of the Lord.

(Rev 1:5-6;
Rev. 5:9-10)

B-The evolution view teaches the following to children:

- 1) You are worth nothing. You are nothing but an evolved amoeba that washed up on the beach.
- 2) Do what feels good for the moment
- 3) You are an animal. Act like it.
- 4) There are no "rights" and "wrongs"
- 5) Man is nothing but chemical and flesh. He does not have a spirit or a soul.
- 6) God is not Creator... everything happens by chance.
This is the same as believing man made objects like computers arose by chance.
- 7) Man is his own god.
- 8) Death is viewed as "good". Euthanasia and mercy killing are seen as acceptable.
- 9) Evolution and atheist philosophy has given rise to racial prejudice.
- 10) Earth, being billions of years old, is always going to be this way.
- 11) Man is getting better and better over the years. (To believe this, you must ignore the six o'clock news!)
- 12) Mankind and monkeys share a common ancestor. This contrasts with creationism, which teaches that mankind and monkeys only have a common CREATOR.

Creation or Evolution: Both views are faith-driven but only the Creation view has evidence to back it up. After the above comparison, which view sounds more appealing to you?

A few quotes to think about:

For more, see "The Evolution Cruncher" www.evolution-facts.org

" In 1918, Darwin's apostle Ernst Haeckel became a member of the *Thule Gesellschaft*, a secret, radically right-wing organization that played a key role in the establishment of the Nazi movement. Rudolf Hess and Hitler attended the meeting as guests (Phelps, 1963)."

- Ian Taylor, *In The Minds Of Men* (1987), p. 488.

" Adolf Hitler reiterated the same philosophy of life derived from the theory of evolution when he said, 'The whole of nature is a continuous struggle between strength and weakness, and the eternal victory of the strong over the weak.'"

- H. Enoch, *Evolution Or Creation* (1966) pp. 147-148.

"I regard Christianity as the most fatal, seductive lie that has ever existed."

- Adolf Hitler, *quoted in Larry Azar, Twentieth Century Crisis* (1990), p. 155

" Ye shall not surely die [calling God a liar]: For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods [he lies]..."

- Satan, *quoted in Genesis 3: 4b, 5a*

“Another despicable lover of Darwinian theory was Friedrich Nietzsche. Darwin’s teachings had a way of corrupting the beliefs of all who submitted to it. Darwinism transformed Nietzsche into a maniacal lover of war and bloodshed.”
 - Vance Farrell, *The Evolution Cruncher*, (2001), p. 814

“ Benito Mussolini, who brought fascism to Italy, was strengthened in his belief that violence is basic to social transformation by the philosophy of Nietzsche.”
 - *Encyclopedia Britannica* (1982), Vol. 16, p. 27.

Negative trends occur after 1963

Removing God and His word and replacing Him with evolution theory is devastating to children. In the late 50’s and early 60’s, the number of words discussing the evolution theory in public school textbooks was increased drastically. Also, in 1963, prayer was taken out of American public schools. The following graphs show the many problems that arose after 1963.

Receiving Christ, and Believing the Bible has positive effects on society

Jesus taught in a way that troubled the religious leaders of His day. He taught that the sick needed healing, and that every man should repent of his sins and turn to God. He demonstrated the kingdom of God through His miracles, healings, forgiveness, and absolute authority over demons. He demonstrated God's love. He has offered each of us a very real relationship to the Father in Heaven, and not a "religion". (John 14:6) It was this life-giving relationship that drew people into a Christian lifestyle. Early Christians made major, positive, historical changes in the years after Christ's ascension.

"Did the Bible actually change society? The answer is Yes! The early Christians startled the pagan world of Rome by their altruism and unselfish care for the poor, the sick, and the dispossessed... Let us examine the social situation in England before the Evangelical Revival led by John and Charles Wesley that saved England from a moral abyss."

- Grant R. Jeffrey, *The Signature of God* (1996), p. 262-263

Part G- Eye Meets Faith

There are many incredible creatures in nature that tell us about our Heavenly Father, and His plan for us. This section will relate these creatures to the message of God's word. We need to make this much-needed link between our natural eyesight and our spiritual eyesight. Romans 1:20 tells us that God's divinity and power are easily seen in nature. Let us examine the Kingdom of God as revealed by Scripture, and relate it to nature's examples:

1) The Living Sponge

Commercial sponges (right) are made from sea sponges

The Sea Sponge is an organism of amazing simplicity, yet it performs very complex actions. It is made up of tiny, complex networking cells and micro tubes. It has no eyes, no brain, no heart, no limbs, and not much of anything else. Yet the male knows exactly when the tide comes in, prompting it for the mating process. Both the male and the female have incredible timing when mating. The male sends its seed into the water and the female sends the eggs. The timing is so precise that the fertilization process occurs without flaw in the midst of the water.

You can remove a living sea sponge from the water, and strain it until it is nothing but a pile of separated cells. But the moment you toss this "mush" back into the water, it is able to "fix" itself, perfectly fitting all of its cells and tubes together again! Scientists are still baffled by this little creature's ability to re-constitute itself.

Related Scripture:

"And he saith unto them, Be not affrighted: Ye seek Jesus of Nazareth, which was crucified: He is risen; He is not here: behold the place where they laid Him... So also is the resurrection of the dead. It is sown in corruption; it is raised in incorruption: It is sown in dishonour; it is raised in glory: it is sown in weakness; it is raised in power... Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new. And all things are of God, who hath reconciled us to Himself by Jesus Christ, and hath given to us the ministry of reconciliation;"

Mark 16:6; 1st Corinthians 15:42-43; 2nd Corinthians 5:17,18

2) The Baby Spider

A newborn spider is a fascinating creature that enters into the world with incredible abilities that its mother doesn't teach it. When it is only one day old, it climbs to an elevated place, like a twig in a tree, and raises its abdomen in the air and shoots 9 feet of silk in the air. This web strand is caught by the wind, lifting the spider into the air. The spider climbs up the strand in mid-air and sits on top of his little "platform" without falling off. The spider will ride the wind, sailing great distances in search for a good spot to make it's home. Sometimes it lands, and then takes off again. The silk strand is, for its size, stronger than steel and is able to stretch without breaking. Once the spider climbs this strand, it can reel up the thread and, by pulling on it, use it like a rudder to control altitude. Scientists have discovered baby spiders sailing as high as 16,000 feet in the air! That's 3 miles up! This is not bad flying for a creature that has a brain that's one-thousandth the size of a pinhead.

Related Scriptures:

"... Come hither, I will shew thee the bride, the Lamb's wife. And he carried me away in the spirit to a great and high mountain, and shewed me that great city, the holy Jerusalem, descending out of heaven from God... And it came to pass, while He [Jesus] blessed them, He was parted from them, and carried up into heaven. And they worshipped Him, and returned to Jerusalem with great joy: and were continually in the temple, praising and blessing God. Amen... But they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint... The Lord God is my strength, and He will make my feet like hinds' feet, and He will make me to walk upon mine high places. To the chief singer on my stringed instruments."

Revelation 21: 9b, 10; Luke 24:51-53; Isaiah 40:31; Habakkuk 3:19

3) The rufous woodpecker:

This bird loves to eat ants. It goes from tree to tree, feeding on the stinging tree ants of India and Southeast Asia. As a result, these ants fiercely attack any intruding birds or animals that try to approach their nest. The strange thing is, when it is time for the woodpecker to lay eggs and incubate them, she chooses the football-sized nest of the stinging ants. She goes into the ants' nest, burrows in, lays her eggs, and sits on them. When they hatch, she nourishes them until they reach maturity. All this time the bird has not eaten a single ant in that tree hole, and the ants have not once attacked the bird or her young ones. There is complete harmony in one hole, between two creatures that are normally at war with each other! After the nesting season, the bird leaves the hole and resumes her normal diet of stinging tree ants, and the ants resume defending their nest from birds.

Related Scriptures:

"Ye have heard that it hath been said, Thou shalt love thy neighbour, and hate thine enemy. But I say unto you, Love your enemies, bless them that curse you, do good to them that hate you, and pray for them which despitefully use you, and persecute you... When a man's ways please the Lord, He maketh even his enemies to be at peace with him ... Shadrach, Meshach, and Abednego, answered and said to the king, O Nebuchadnezzar, we are not careful to answer thee in this matter. If it be so, our God whom we serve is able to deliver us from the burning fiery furnace, and He will deliver us out of thine hand, O king... He answered and said, Lo, I see four men loose, walking in the midst of the fire, and they have no hurt; and the form of the fourth is like the Son of God."

Matthew 5: 43, 44; Proverbs 16:7; Daniel 3: 17, 25

4) Magnetite in Organisms:

Man did not start to develop compass technology until the 13th century when sailors used a needle floating on oil, to help them navigate. But ever since the beginning, animals, birds, and even bacteria have always had tiny pieces of magnetite in their brain. Magnetite is a naturally magnetic stone, and it helps them find the right direction to travel in. How creatures use these stones, and how they got there in the first place are mysteries that can only be explained by Genesis chapter 1.

Related Scripture:

"And thou shalt put in the breastplate of judgement the Urim and the Thummim; and they shall be upon Aaron's heart, when he goeth in before the Lord: and Aaron shall bear the judgement of the children of Israel upon his heart before the Lord continually... In all thy ways acknowledge Him, and He shall direct thy paths... Let thine eyes look right on, and let thine eyelids look straight before thee... The voice of him that crieth in the wilderness, Prepare ye the way of the Lord, make straight in the desert a highway for our God... And this is the record of John... He said, I am the voice of one crying in the wilderness, Make straight

the way of the Lord, as said the prophet Esaias... The next day John seeth Jesus coming unto Him, and saith, Behold the Lamb of God, which taketh away the sin of the world.”

Exodus 28:30; Proverbs 3:6; Proverbs 6:25; Isaiah 40:3; St. John 1:19a, 23, 29

5) Electric Fish (a.k.a. Electric eel)

The average electric eel, which is technically a fish by classification, can produce a fairly powerful electrical charge. Some are able to stun large animals. They use this charge for detecting prey, self-defence, navigation, and for detecting obstacles. The organs they use for such charges are made up of compacted nerve endings. There can be as many as 230 of these nerve ending cells in 0.4 inches of length. Electric eels can generate more than 75 volts per inch, and a total voltage of 450 – 600 V!

Related Scripture –There is another kind of “electrified snake”... it is mentioned in the Bible:

“ And the serpent [Satan] said unto the woman, Ye shall not surely die [he lies to Eve]...And the seventy [disciples] returned again with joy, saying, Lord, even the devils are subject unto us through thy name. And He [Jesus] said unto them, I beheld Satan as lightning fall from heaven. Behold, I give unto you the power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you. Notwithstanding in this rejoice not, that the spirits are subject unto you; but rather rejoice, because your names are written in heaven... And I saw an angel come down from heaven, having the key of the bottomless pit and a great chain in his hand. And he laid hold on the dragon, that old serpent, which is the Devil, and Satan, and bound him a thousand years, and cast him into the bottomless pit, and shut him up, and set a seal upon him, that he should deceive the nations no more, till the thousand years should be fulfilled: and after that he must be loosed a little season... And the devil that deceived them was cast into the lake of fire and brimstone, where the beast and the false prophet are, and shall be tormented day and night for ever and ever.”

Genesis 3:4; Luke 10:17-20; Revelation 20: 1-3, 10

6) The leaf-binding ant:

This ant builds its nest by fastening leaves together. And just *how* does it build its little house? The ant takes one of its young larva children, and by holding it carefully in its jaws, it is able to press liquid from the baby. This liquid acts like a binding glue that “welds” the leaves together.

Related Scripture:

“And these words, which I command thee this day, shall be in thine heart: And thou shalt teach them diligently unto thy children, and shalt talk of them when thou sittest in thine house, and when thou walkest by the way, and when thou liest down, and when thou risest up... And thou shalt write them upon the posts

of thy house, and on thy gates... And when the chief priests and scribes saw the wonderful things that He [Jesus] did, and the children crying in the temple, and saying Hosanna to the son of David; they were sore displeased, And they said unto Him, Hearest thou what these say? And Jesus saith unto them, Yea; have ye never read, Out of the mouth of babes and sucklings thou hast perfected praise? ... Jesus stood and cried, saying, If any man thirst, let him come unto Me, and drink. He that believeth on me, as the scripture hath said, out of his belly shall flow rivers of living water... Forasmuch as ye know that ye were not redeemed by corruptible things... but with the precious blood of Christ, as of a lamb without spot or blemish... ye are a chosen generation, a royal priesthood, an holy nation, a peculiar people; that ye should shew forth the praises of Him who hath called you out of darkness into His marvellous light: Which in time past were not a people, but are now the people of God..."
Deuteronomy 6: 7, 9; Luke 21: 15-16; John 7: 37b, 38;
1st Peter 1: 18a, 19; 2: 9, 10a

7) Chloroplasts:

The sun gives the earth millions upon millions of horsepower of energy per day. Chloroplasts, which can only be found in plants, are the only mechanism on earth that is able to convert solar energy into carbohydrates, which is the basis of all food on the planet. This is called *photosynthesis*. The chloroplasts are shaped like tiny lenses. Inside, they contain little cylindrical stacks of flat disks called *thylakoids*. These disks stacked together look like little batteries, similar to those we use in small electronic devices. These stacks are all joined together by narrow bands, making it look like a collection of well-organized batteries, that are all plugged in, and ready to use. These "batteries" are even able to store the newly transformed energy as sugar molecules. On overcast days, the disks rotate so that they are parallel to the sun, maximizing their intake. On bright and sunny days, when the sun is very strong, they will turn perpendicular to the sky, in order to balance their intake of sunlight and avoid damage. Without plants, earth would become like the moon. Ultimately, all of our food comes from the sunlight being transformed into carbohydrates inside plants.

Related Scriptures:

"Then spake Jesus again unto them, saying, I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life... I [Jesus] am the true vine, and my Father is the husbandman. Every branch in me that beareth not fruit He taketh away: and every branch that beareth fruit, He purgeth it, that it may bring forth more fruit... I am the living bread which came down from heaven: if any man eat of this bread, he shall live for ever: and the bread that I will give is my flesh, which I will give for the life of the world..."

The sower soweth the word... And these are they which are sown on good ground; such as hear the word, and receive it, and bring forth fruit, some thirtyfold, some sixty, and some an hundred... And out of the ground made the Lord God to grow every tree that is pleasant to the sight, and good for food; the tree of life also in the midst of the garden, and the tree of the knowledge of good and evil... In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month: and the leaves of the tree were for the healing of the nations... But the fruit of the Spirit is love, joy, peace, longsuffering, gentleness, goodness, faith, Meekness, temperance: against such there is no law.”

John 8:12; John 15: 1, 2; John 6:51; Mark 4: 14, 20; Genesis 2:9;

Revelation 22: 2; Galatians 5: 22, 23

8) The Rat:

A rat's teeth are designed so that, when the mouth closes, the top two front teeth go behind the bottom two teeth. Because of the angle of the teeth, they are sharpened every time the rat opens and closes its mouth, giving it an efficient system for “staying sharp”. Scientists have studied the rat in order to come up with a saw that is self-sharpening. After trying many possibilities, they discovered that there is no design or method that is more efficient than the design already laid out in the rat's mouth. As the metal cuts small pieces off the blade, it stays sharp. Because these researchers studied God's design, they were able to produce a self-sharpening saw that lasts 6 times longer than any saw they had made in the past.

Related Scripture:

“ So shall My word be that goeth forth out of My mouth: it shall not return unto Me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I send it... In the beginning was the Word, and the Word was with God, and the Word was God. The same was in the beginning with God. All things were made by Him; and without Him was not any thing made that was made... And the Word was made flesh, and dwelt among us... And take the helmet of salvation, and the sword of the Spirit, which is the word of God... Husbands, love your wives, even as Christ also loved the church, and gave Himself for it; That He might sanctify and cleanse it with the washing of water by the word... For the word of God is quick, and powerful, and sharper than any twoedged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart... And He had in His right hand seven stars: and out of His mouth went a sharp twoedged sword: and His countenance was as the sun shineth in his strength. And when I saw Him, I fell at His feet as dead. And He laid His right hand upon me, saying unto me, Fear not; I am the first and the last.”

Isaiah 55:11; John 1:1-3, 14a; Ephesians 6:17; Ephesians 5: 25, 26; Hebrews 4:12; Revelation 1:16, 17

9) The Termite:

Starting with a king and a queen, termites start laying eggs and beginning their colony. They do not teach the young anything when they are born. These blind, small, low-intelligence creatures are responsible for some of the most incredible tower building found on the planet. They were been able to do this long before man ever built high-rise skyscrapers. Termites are designed to work together and build towers, parts of which often exceed 20 feet in height. Each side of their fortress may reach a length of 12 feet. Inside the tower are numerous rooms for fungus gardens, nurseries, food storage, and “residents”. There is also a chamber for the king and queen. The roofs to their tower are slanted, and conical, being narrow on the top half, and wider on the bottom. When the rain hits this slant, it is directed off of the tower and away from the tower’s base. Also, termites build a “Central Air conditioning system” using spiral-shaped vertical tubes that run from the top of the structure to the bottom. This system allows the hot air to be taken away from the top, and carried to the basement. To ensure that carbon dioxide is exchanged for oxygen, the ventilating shafts near the top of the structure are put right next to a porous type of earthen wall, allowing fresh air to circulate into the tower. If termites were the size of humans, their towering castle would be a mile high.

Related Scripture – There is another tower that is strong and well designed:

“The name of the Lord is a strong tower: the righteous runneth into it, and is safe... Now therefore ye are no more strangers and foreigners, but fellowcitizens with the saints, and of the household of God; And are built upon the foundation of the apostles and prophets, Jesus Christ Himself being the chief corner stone; In Whom all the building fitly framed together groweth unto an holy temple in the Lord: In Whom ye also are builded together for an habitation of God through the Spirit... know ye not that your body is the temple of the Holy Ghost which is in you, which ye have of God, and ye are not your own? ... Now there are diversities of gifts, but the same Spirit. And there are differences of administrations, but the same Lord. And there are diversities of operations, but it is the same God which worketh all in all.”

Proverbs 18:10, Ephesians 2:19-22; 1st Corinthians 6:19, 1st Corinthians 12:4-6

10) The quail:

The mother quail builds her nest, and sits her eggs on the ground. Because of this, there is urgency for all the young to hatch at the same time. Amazingly enough, the quail will not sit on the eggs at all until all 12 or so are laid. The eggs develop at different rates, meaning some are ready to hatch while others are not. But strangely, none of the birds hatch until all of them are ready. Scientists have eventually discovered that the mature birds, which are ready to hatch, click on the inside of their shell. This form of “communication” somehow speeds the less-mature birds up in their development, letting the other eggs know that they are “ready”. As a result of effective “egg talk”, all the eggs end up hatching at the

same time!

Related Scripture:

"Him that is weak in the faith receive ye, but not to doubtful disputations... We then that are strong ought to bear the infirmities of the weak, and not to please ourselves... For even Christ pleased not Himself; but, as it is written, The reproaches of them that reproached thee fell on Me... Now the God of patience and consolation grant you to be likeminded one toward another according to Christ Jesus: That ye may with one mind and one mouth glorify God, even the Father of our Lord Jesus Christ... As newborn babes, desire the sincere milk of the word, that ye may grow thereby: If so be ye have tasted that the Lord is gracious... And let us consider one another to provoke unto love and to good works: Not forsaking the assembling of ourselves together, as the manner of some is; but exhorting one another: and so much the more as ye see the day approaching... Behold, his soul which is lifted up is not upright in him: but the just shall live by his faith... Now faith is the substance of things hoped for, the evidence of things not seen... How then shall they call on Him [Jesus] in Whom they have not believed? And how shall they believe in Him of Whom they have not heard? And how shall they hear without a preacher? ... So then faith cometh by hearing, and hearing by the word of God."
